Dhamodhara Kannan A (DK)

Product Engineering Intern @ codingmart|Flutter Developer | GDSC
Lead 2022-2023| Full Stack Web Developer
Coimbatore, Tamil Nadu, India

Summary

I am a Product Engineering Intern at Codingmart Technologies. I
work on developing and maintaining web and mobile applications
using Flutter, a cross-platform framework that enables fast and
beautiful user experiences.

I am also a full-stack web developer with over four years of
experience in creating dynamic and responsive websites using
JavaScript, HTML/CSS, Java, and various web frameworks and
databases. I have successfully completed multiple projects, including
leading the development of the college website and the CSE
department association website, as well as contributing to other
open-source and freelance projects.

As a student of Bachelor of Engineering in Computer Programming,
Specific Applications at Sri Krishna Institute of Technology, I am
passionate about learning new technologies and enhancing my
skills. I am also the Google DSC Lead for my college, where I
organize and facilitate workshops, events, and hackathons for
students interested in Google technologies and products.

I am a problem-solver, a team player, and a lifelong learner. I am
always looking for new challenges and opportunities to apply my
skills and knowledge in different domains and contexts. I am excited
to connect with you and explore potential collaborations!
